No. 2018 /ACII/37 (CC)/19

**PFAs**

**All Indian Railways.**

**Sub: Implementation of Modules relating to Quarter and Electricity charges.**

\*\*\*\*

CRIS has developed a module relating to Quarter and Electricity charges. These modules have been tested and implemented by one of the Railways. Implementation of the modules requires Accounting Units to populate all existing quarters under their control and map it with the employee to whom quarter is allotted. Implementation of the module would enable proper accountal and prevent leakage of revenue in this account.

Necessary action may kindly be arranged for implementation of the Modules.
